

# Anti-P2Y6 Rabbit Monoclonal Antibody

Catalog # ABO15380

## Product Information

---

|                          |                                                                                                                     |
|--------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>       | WB, IHC, IF, ICC, IP                                                                                                |
| <b>Primary Accession</b> | <a href="#">Q15077</a>                                                                                              |
| <b>Host</b>              | Rabbit                                                                                                              |
| <b>Isotype</b>           | IgG                                                                                                                 |
| <b>Reactivity</b>        | Human                                                                                                               |
| <b>Clonality</b>         | Monoclonal                                                                                                          |
| <b>Format</b>            | Liquid                                                                                                              |
| <b>Description</b>       | Anti-P2Y6 Rabbit Monoclonal Antibody . Tested in WB, IHC, ICC/IF, IP applications. This antibody reacts with Human. |

## Additional Information

| <b>Other Names</b>                     | P2Y purinoceptor 6, P2Y6, P2RY6                                                                                                            |
| <b>Calculated MW</b>                   | 36429                                                                                                                                      |
| <b>Application Details</b>             | WB 1:1000-1:5000<br>IHC 1:50-1:200<br>ICC/IF 1:50-1:200<br>IP 1:50                                                                         |
| <b>Source</b>                          | Eukaryota                                                                                                                                  |
| <b>Contents</b>                        | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA.                        |
| <b>Clone Names</b><br><b>Immunogen</b> | Clone: 19P56<br>A synthesized peptide derived from human P2Y6                                                                              |
| <b>Purification</b>                    | Affinity-chromatography                                                                                                                    |
| <b>Storage</b>                         | Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles. |

## Protein Information

---

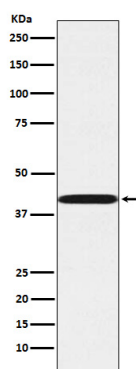

|                 |                                                                                                                                                                            |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Name</b>     | P2RY6                                                                                                                                                                      |
| <b>Function</b> | Receptor for extracellular UDP > UTP > ATP. The activity of this receptor is mediated by G proteins which activate a phosphatidylinositol-calcium second messenger system. |

## Cellular Location

Cell membrane; Multi-pass membrane protein.

## Images

---

Western blot analysis of P2Y6 expression in A549 cell lysate.
