|                          |                                                                                                    |
|--------------------------|----------------------------------------------------------------------------------------------------|
| <b>Application</b>       | WB                                                                                                 |
| <b>Primary Accession</b> | <a href="#">P34913</a>                                                                             |
| <b>Host</b>              | Rabbit                                                                                             |
| <b>Isotype</b>           | IgG                                                                                                |
| <b>Reactivity</b>        | Human                                                                                              |
| <b>Clonality</b>         | Monoclonal                                                                                         |
| <b>Format</b>            | Liquid                                                                                             |
| <b>Description</b>       | Anti-EPHX2 Rabbit Monoclonal Antibody . Tested in WB application. This antibody reacts with Human. |

## Additional Information

---

|                            |                                                                                                                                                                                                               |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Other Names</b>         | Bifunctional epoxide hydrolase 2, Cytosolic epoxide hydrolase 2, CEH, 3.3.2.10, Epoxide hydratase, Soluble epoxide hydrolase, SEH, Lipid-phosphate phosphatase, 3.1.3.76, EPHX2 ( <a href="#">HGNC:3402</a> ) |
| <b>Calculated MW</b>       | 70 KDa                                                                                                                                                                                                        |
| <b>Application Details</b> | WB 1:500-1:2000                                                                                                                                                                                               |
| <b>Contents</b>            | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA.                                                                                           |
| <b>Clone Names</b>         | Clone: 29E21                                                                                                                                                                                                  |
| <b>Immunogen</b>           | A synthesized peptide derived from human EPHX2                                                                                                                                                                |
| <b>Purification</b>        | Affinity-chromatography                                                                                                                                                                                       |
| <b>Storage</b>             | Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles.                                                                    |
