

# Anti-RAVER2 Rabbit Monoclonal Antibody

Catalog # ABO16415

## Product Information

---

|                          |                                                                                                                       |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>       | WB, IHC, IF, ICC, IP                                                                                                  |
| <b>Primary Accession</b> | <a href="#">Q9HCJ3</a>                                                                                                |
| <b>Host</b>              | Rabbit                                                                                                                |
| <b>Isotype</b>           | IgG                                                                                                                   |
| <b>Reactivity</b>        | Human                                                                                                                 |
| <b>Clonality</b>         | Monoclonal                                                                                                            |
| <b>Format</b>            | Liquid                                                                                                                |
| <b>Description</b>       | Anti-RAVER2 Rabbit Monoclonal Antibody . Tested in WB, IHC, ICC/IF, IP applications. This antibody reacts with Human. |

## Additional Information

---

|                            |                                                                                                                                            |

| <b>Gene ID</b>             | 55225                                                                                                                                      |
| <b>Other Names</b>         | Ribonucleoprotein PTB-binding 2, Protein raver-2, RAVER2, KIAA1579                                                                         |
| <b>Calculated MW</b>       | 74339                                                                                                                                      |
| <b>Application Details</b> | WB 1:500-1:2000<br>IHC 1:50-1:200<br>ICC/IF 1:50-1:200<br>IP 1:50                                                                          |
| <b>Source</b>              | Eukaryota                                                                                                                                  |
| <b>Contents</b>            | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA.                        |
| <b>Clone Names</b>         | Clone: 29R51                                                                                                                               |
| <b>Immunogen</b>           | A synthesized peptide derived from human RAVER2                                                                                            |
| <b>Purification</b>        | Affinity-chromatography                                                                                                                    |
| <b>Storage</b>             | Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles. |

## Protein Information

---

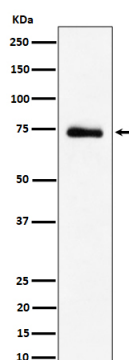

|                 |                                         |
|-----------------|-----------------------------------------|
| <b>Name</b>     | RAVER2                                  |
| <b>Synonyms</b> | KIAA1579                                |
| <b>Function</b> | May bind single-stranded nucleic acids. |

## Cellular Location

Nucleus. Cytoplasm. Note=May shuttle between the nucleus and the cytoplasm.

## Images

---

Western blot analysis of RAVR2 expression in 293T cell lysate.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
