

# Prdm4 Antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI10237

## Product Information

---

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| <b>Application</b>       | WB                                                    |
| <b>Primary Accession</b> | <a href="#">Q80V63</a>                                |
| <b>Other Accession</b>   | <a href="#">NM_181650</a> , <a href="#">NP_857633</a> |
| <b>Reactivity</b>        | Human, Mouse, Rat, Pig, Dog, Horse, Bovine, Yeast     |
| <b>Predicted</b>         | Rat                                                   |
| <b>Host</b>              | Rabbit                                                |
| <b>Clonality</b>         | Polyclonal                                            |
| <b>Calculated MW</b>     | 88145                                                 |

## Additional Information

---

|                                     |                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>                      | 72843                                                                                                                                                                                          |
| <b>Alias Symbol</b>                 | 1700031E19Rik, 2810470D21Rik, AW552272, SC-1                                                                                                                                                   |
| <b>Other Names</b>                  | PR domain zinc finger protein 4, 2.1.1.-, PR domain-containing protein 4, Prdm4                                                                                                                |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                              |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-Prdm4 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | Prdm4 Antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

---

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| <b>Name</b>              | Prdm4                                                                    |
| <b>Function</b>          | May function as a transcription factor involved in cell differentiation. |
| <b>Cellular Location</b> | Nucleus.                                                                 |
