

# Zfp90 antibody - N-terminal region

Rabbit Polyclonal Antibody

Catalog # AI10317

## Product Information

---

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| <b>Application</b>       | WB                                                    |
| <b>Primary Accession</b> | <a href="#">Q61967</a>                                |
| <b>Other Accession</b>   | <a href="#">NM_011764</a> , <a href="#">NP_035894</a> |
| <b>Reactivity</b>        | Human, Mouse, Rat, Pig, Dog, Bovine                   |
| <b>Predicted</b>         | Human, Mouse, Rat, Bovine                             |
| <b>Host</b>              | Rabbit                                                |
| <b>Clonality</b>         | Polyclonal                                            |
| <b>Calculated MW</b>     | 72423                                                 |

## Additional Information

---

|                                     |                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>                      | 22751                                                                                                                                                                                          |
| <b>Alias Symbol</b>                 | 6430515L01Rik, KRAB17, NK10, Zfp64, Zfp83, mKIAA1954                                                                                                                                           |
| <b>Other Names</b>                  | Zinc finger protein 90, Zfp-90, Zinc finger protein NK10, Zfp90, Nk10                                                                                                                          |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                              |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-Zfp90 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | Zfp90 antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

---

|                          |                                                                                                                                                    |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Name</b>              | Zfp90                                                                                                                                              |
| <b>Synonyms</b>          | Nk10                                                                                                                                               |
| <b>Function</b>          | Inhibits the transcriptional repressor activity of REST by inhibiting its binding to DNA, thereby derepressing transcription of REST target genes. |
| <b>Cellular Location</b> | Nucleus. Note=Colocalizes with REST in the nucleus                                                                                                 |
| <b>Tissue Location</b>   | Brain, spleen, thymus, and testis (PubMed:7576184). Expressed in heart (PubMed:21284946, PubMed:7576184)                                           |
