

# PAWR antibody - middle region

Rabbit Polyclonal Antibody

Catalog # AI10411

## Product Information

---

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| <b>Application</b>       | WB, IHC                                               |
| <b>Primary Accession</b> | <a href="#">O75796</a>                                |
| <b>Other Accession</b>   | <a href="#">NM_002583</a> , <a href="#">NP_002574</a> |
| <b>Reactivity</b>        | Human, Mouse, Rat, Dog                                |
| <b>Predicted</b>         | Human, Pig, Dog                                       |
| <b>Host</b>              | Rabbit                                                |
| <b>Clonality</b>         | Polyclonal                                            |
| <b>Calculated MW</b>     | 37 KDa                                                |

## Additional Information

---

|                                     |                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Alias Symbol</b>                 | PAR4, Par-4                                                                                                                                                                                    |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                              |
| <b>Reconstitution &amp; Storage</b> | Add 100 ul of distilled water. Final anti-PAWR antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | PAWR antibody - middle region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                |
