

# ZHX2 antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI11282

## Product Information

---

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| <b>Application</b>       | WB                                                    |
| <b>Primary Accession</b> | <a href="#">Q8°C0C0</a>                               |
| <b>Other Accession</b>   | <a href="#">NM_199449</a> , <a href="#">NP_955520</a> |
| <b>Reactivity</b>        | Human, Mouse, Rat, Rabbit, Pig, Dog, Horse, Bovine    |
| <b>Predicted</b>         | Human, Mouse, Rat, Rabbit, Dog, Horse, Bovine         |
| <b>Host</b>              | Rabbit                                                |
| <b>Clonality</b>         | Polyclonal                                            |
| <b>Calculated MW</b>     | 92 KDa                                                |

## Additional Information

---

|                                     |                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Alias Symbol</b>                 | Raf, Afr1, Afr-1, mKIAA0854                                                                                                                                                                    |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                              |
| <b>Reconstitution &amp; Storage</b> | Add 100 ul of distilled water. Final anti-ZHX2 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | ZHX2 antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                            |
