

# LOC100912020 Antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI11292

## Product Information

|                 |                                    |
|-----------------|------------------------------------|
| Application     | WB                                 |
| Other Accession | <a href="#">XP_003749540</a>       |
| Reactivity      | Human, Mouse, Rat, Pig, Dog, Horse |
| Predicted       | Human, Mouse, Rat, Pig, Dog, Horse |
| Host            | Rabbit                             |
| Clonality       | Polyclonal                         |
| Calculated MW   | 28 kDa                             |

## Additional Information

|                          |                                                                                                                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                     |
| Reconstitution & Storage | Add 50 ul of distilled water. Final anti-LOC100912020 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | LOC100912020 Antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Images

Host: Rabbit  
Target Name: LOC100912020  
Sample Tissue: Rat Spleen lysates  
Antibody Dilution: 1.0µg/ml

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
