

# GAMT antibody - middle region

Rabbit Polyclonal Antibody

Catalog # AI12141

## Product Information

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Application       | WB                                                    |
| Primary Accession | <a href="#">A8K0A0</a>                                |
| Other Accession   | <a href="#">NM_138924</a> , <a href="#">NP_620279</a> |
| Reactivity        | Human                                                 |
| Predicted         | Human                                                 |
| Host              | Rabbit                                                |
| Clonality         | Polyclonal                                            |
| Calculated MW     | 29 KDa                                                |

## Additional Information

|                          |                                                                                                                                                                                               |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alias Symbol             | PIG2, TP53I2                                                                                                                                                                                  |
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                             |
| Reconstitution & Storage | Add 50 ul of distilled water. Final anti-GAMT antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | GAMT antibody - middle region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                               |

## Protein Information

## References

Almeida, L.S., (2007) Mol. Genet. Metab. 91(1), 1-6  
Reconstitution and Storage: For short term use, store at 2-8°C up to 1 week. For long term storage, store at -20°C in small aliquots to prevent freeze-thaw cycles.

## Images

Rabbit Anti-GAMT Antibody  
Formalin Fixed Paraffin Embedded Tissue: Human Adult liver  
Observed Staining: Cytoplasmic  
Primary Antibody  
Concentration: 1:100  
Secondary Antibody: Donkey anti-Rabbit-Cy2/3  
Secondary Antibody

Concentration: 1:200  
Magnification: 20X  
Exposure Time: 0.5 – 2.0 sec  
Protocol located in Reviews and Data.

WB Suggested Anti-GAMT Antibody Titration: 0.2-1 µg/ml  
Positive Control: Human Thymus

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
