

# RNF146 antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI12266

## Product Information

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Application       | WB                                                    |
| Primary Accession | <a href="#">Q9NTX7-2</a>                              |
| Other Accession   | <a href="#">NM_030963</a> , <a href="#">NP_112225</a> |
| Reactivity        | Human, Mouse, Rat, Pig, Dog, Guinea Pig, Horse        |
| Predicted         | Mouse, Pig, Dog, Guinea Pig, Horse                    |
| Host              | Rabbit                                                |
| Clonality         | Polyclonal                                            |
| Calculated MW     | 39 KDa                                                |

## Additional Information

|                          |                                                                                                                                                                                                  |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alias Symbol             | DKFZP434O1427, RP3-351K20.1, dj351K20.1                                                                                                                                                          |
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                |
| Reconstitution & Storage | Add 100 ul of distilled water. Final anti-RNF146 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | RNF146 antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                            |
