

# LOC729185 antibody - N-terminal region

Rabbit Polyclonal Antibody

Catalog # AI13001

## Product Information

|                        |                                                             |
|------------------------|-------------------------------------------------------------|
| <b>Application</b>     | WB                                                          |
| <b>Other Accession</b> | <a href="#">XM_001129598</a> , <a href="#">XP_001129598</a> |
| <b>Reactivity</b>      | Human, Pig, Horse, Bovine                                   |
| <b>Predicted</b>       | Human                                                       |
| <b>Host</b>            | Rabbit                                                      |
| <b>Clonality</b>       | Polyclonal                                                  |
| <b>Calculated MW</b>   | 41 kDa                                                      |

## Additional Information

|                                     |                                                                                                                                                                                                    |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                  |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-LOC729185 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | LOC729185 antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |
