

# ZNF763 Antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI13167

## Product Information

|                   |                        |
|-------------------|------------------------|
| Application       | WB                     |
| Primary Accession | <a href="#">B4DRE7</a> |
| Reactivity        | Human                  |
| Predicted         | Human                  |
| Host              | Rabbit                 |
| Clonality         | Polyclonal             |
| Calculated MW     | 29 kDa                 |

## Additional Information

|                          |                                                                                                                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                     |
| Reconstitution & Storage | Add 50 $\mu$ l of distilled water. Final Anti-ZNF763 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at -20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | ZNF763 Antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                 |

## Protein Information

## Images

Host: Rabbit  
Target Name: ZNF763  
Sample Tissue: HepG2 Whole cell lysate  
S  
Antibody Dilution: 1.0 $\mu$ g/ml

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
