

# LIN9 antibody - N-terminal region

Rabbit Polyclonal Antibody

Catalog # AI13234

## Product Information

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| <b>Application</b>       | WB                                                                       |
| <b>Primary Accession</b> | <a href="#">B1B046</a>                                                   |
| <b>Other Accession</b>   | <a href="#">NM_001270409</a> , <a href="#">CAI14231</a>                  |
| <b>Reactivity</b>        | Human, Mouse, Rat, Rabbit, Zebrafish, Dog, Guinea Pig, Horse, Bovine     |
| <b>Predicted</b>         | Human, Mouse, Rabbit, Zebrafish, Chicken, Dog, Guinea Pig, Horse, Bovine |
| <b>Host</b>              | Rabbit                                                                   |
| <b>Clonality</b>         | Polyclonal                                                               |
| <b>Calculated MW</b>     | 53 KDa                                                                   |

## Additional Information

|                                     |                                                                                                                                                                                               |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Alias Symbol</b>                 | TGS, BARA, TGS1, Lin-9, BARPsv                                                                                                                                                                |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                             |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-LIN9 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | LIN9 antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |
