

# EFCAB13 Antibody - middle region

Rabbit Polyclonal Antibody

Catalog # AI13480

## Product Information

|                   |                          |
|-------------------|--------------------------|
| Application       | WB                       |
| Primary Accession | <a href="#">Q8IY85-2</a> |
| Reactivity        | Human, Horse, Bovine     |
| Predicted         | Human, Horse, Bovine     |
| Host              | Rabbit                   |
| Clonality         | Polyclonal               |
| Calculated MW     | 58 kDa                   |

## Additional Information

|                          |                                                                                                                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                      |
| Reconstitution & Storage | Add 50 $\mu$ l of distilled water. Final Anti-EFCAB13 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at -20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | EFCAB13 Antibody - middle region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                     |

## Protein Information

## Images

Host: Rabbit  
Target Name: EFCAB13  
Sample Tissue: HT1080 Whole cell lysate  
S  
Antibody Dilution: 1.0 $\mu$ g/ml

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
