

# LOC441476 Antibody - N-terminal region

Rabbit Polyclonal Antibody

Catalog # AI13910

## Product Information

|                   |                              |
|-------------------|------------------------------|
| Application       | WB                           |
| Primary Accession | <a href="#">B7ZM74</a>       |
| Other Accession   | <a href="#">NP_001243630</a> |
| Reactivity        | Human                        |
| Predicted         | Human                        |
| Host              | Rabbit                       |
| Clonality         | Polyclonal                   |
| Calculated MW     | 27 kDa                       |

## Additional Information

|                          |                                                                                                                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                        |
| Reconstitution & Storage | Add 50 $\mu$ l of distilled water. Final Anti-LOC441476 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at -20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | LOC441476 Antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                 |

## Protein Information

## Images

Host: Rabbit  
Target Name: LOC441476  
Sample Tissue: THP-1 Whole cell lysate  
S  
Antibody Dilution: 1.0 $\mu$ g/ml

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
