

# CXorf9 antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI14095

## Product Information

---

|                          |                                                                |
|--------------------------|----------------------------------------------------------------|
| <b>Application</b>       | WB                                                             |
| <b>Primary Accession</b> | <a href="#">O75995</a>                                         |
| <b>Other Accession</b>   | <a href="#">NM_018990</a> , <a href="#">NP_061863</a>          |
| <b>Reactivity</b>        | Human, Mouse, Rat, Rabbit, Pig, Dog, Guinea Pig, Horse, Bovine |
| <b>Predicted</b>         | Human, Mouse, Rat, Rabbit, Pig, Dog, Guinea Pig, Horse, Bovine |
| <b>Host</b>              | Rabbit                                                         |
| <b>Clonality</b>         | Polyclonal                                                     |
| <b>Calculated MW</b>     | 41595                                                          |

## Additional Information

---

|                                     |                                                                                                                                                                                                 |
|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>                      | 54440                                                                                                                                                                                           |
| <b>Alias Symbol</b>                 | 753P9, CXorf9, HAC2, SH3D6C, SLY                                                                                                                                                                |
| <b>Other Names</b>                  | SAM and SH3 domain-containing protein 3, SH3 protein expressed in lymphocytes homolog, SASH3, CXorf9, SLY                                                                                       |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                               |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-CXorf9 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | CXorf9 antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

---

|                 |                                                             |
|-----------------|-------------------------------------------------------------|
| <b>Name</b>     | SASH3                                                       |
| <b>Synonyms</b> | CXorf9, SLY                                                 |
| <b>Function</b> | May function as a signaling adapter protein in lymphocytes. |
