

# PEX11G Antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI15526

## Product Information

---

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Application       | WB                                                    |
| Primary Accession | <a href="#">Q96HA9</a>                                |
| Other Accession   | <a href="#">NM_080662</a> , <a href="#">NP_542393</a> |
| Reactivity        | Human, Rabbit                                         |
| Predicted         | Human, Rabbit                                         |
| Host              | Rabbit                                                |
| Clonality         | Polyclonal                                            |
| Calculated MW     | 26636                                                 |

## Additional Information

---

|                          |                                                                                                                                                                                                 |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID                  | 92960                                                                                                                                                                                           |
| Other Names              | Peroxisomal membrane protein 11C, Peroxin-11C, Peroxisomal biogenesis factor 11C, Protein PEX11 homolog gamma, PEX11-gamma, PEX11G, PEX11C                                                      |
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                               |
| Reconstitution & Storage | Add 50 ul of distilled water. Final anti-PEX11G antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | PEX11G Antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

---

|                   |                                                                         |
|-------------------|-------------------------------------------------------------------------|
| Name              | PEX11G                                                                  |
| Synonyms          | PEX11C                                                                  |
| Function          | Promotes membrane protrusion and elongation on the peroxisomal surface. |
| Cellular Location | Peroxisome membrane; Multi-pass membrane protein                        |

## Images

---

Host: Rabbit  
Target Name: PEX11G  
Sample Tissue: OVCAR-3 Whole cell lysate  
S  
Antibody Dilution: 1.0µg/ml

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
