

# Wfikkn2 Antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI15544

## Product Information

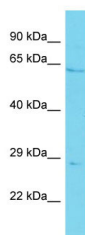

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Application       | WB                                                                        |
| Primary Accession | <a href="#">D3Z9K5</a>                                                    |
| Other Accession   | <a href="#">XM_220855</a> , <a href="#">XP_220855</a>                     |
| Reactivity        | Human, Mouse, Rat, Rabbit, Zebrafish, Pig, Dog, Guinea Pig, Horse, Bovine |
| Predicted         | Human, Mouse, Rat, Rabbit, Zebrafish, Pig, Dog, Guinea Pig, Horse, Bovine |
| Host              | Rabbit                                                                    |
| Clonality         | Polyclonal                                                                |
| Calculated MW     | 62 kDa                                                                    |

## Additional Information

|                          |                                                                                                                                                                                                  |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alias Symbol             | RGD1305361                                                                                                                                                                                       |
| Format                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                                |
| Reconstitution & Storage | Add 50 ul of distilled water. Final anti-Wfikkn2 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions              | Wfikkn2 Antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |
