

# MAGEB5 Antibody - N-terminal region

Rabbit Polyclonal Antibody

Catalog # AI15880

## Product Information

---

|                          |                                                             |
|--------------------------|-------------------------------------------------------------|
| <b>Application</b>       | WB                                                          |
| <b>Primary Accession</b> | <a href="#">Q9BZ81</a>                                      |
| <b>Other Accession</b>   | <a href="#">NM_001271752</a> , <a href="#">NP_001258681</a> |
| <b>Reactivity</b>        | Human                                                       |
| <b>Predicted</b>         | Human                                                       |
| <b>Host</b>              | Rabbit                                                      |
| <b>Clonality</b>         | Polyclonal                                                  |
| <b>Calculated MW</b>     | 31906                                                       |

## Additional Information

---

|                                     |                                                                                                                                                                                                 |
|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>                      | 347541                                                                                                                                                                                          |
| <b>Alias Symbol</b>                 | CT3.3, MAGE-B5                                                                                                                                                                                  |
| <b>Other Names</b>                  | Melanoma-associated antigen B5, Cancer/testis antigen 3.3, CT3.3, MAGE-B5 antigen, MAGEB5                                                                                                       |
| <b>Format</b>                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                               |
| <b>Reconstitution &amp; Storage</b> | Add 50 ul of distilled water. Final anti-MAGEB5 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| <b>Precautions</b>                  | MAGEB5 Antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

---

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>Name</b>            | MAGEB5                                                                                                                   |
| <b>Tissue Location</b> | Expressed in testis. Not expressed in other normal tissues, but is expressed in tumors of different histological origins |
