

# Anti-NIP3 / BNIP3 Antibody (aa47-96)

Rabbit Anti Human Polyclonal Antibody

Catalog # ALS18090

## Product Information

---

|                   |                        |
|-------------------|------------------------|
| Application       | WB, IHC-P, E           |
| Primary Accession | <a href="#">Q12983</a> |
| Predicted         | Human, Mouse, Rat      |
| Host              | Rabbit                 |
| Clonality         | Polyclonal             |
| Isotype           | IgG                    |
| Calculated MW     | 21541                  |

## Additional Information

---

|                          |                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------|
| Gene ID                  | 664                                                                                                                    |
| Alias Symbol             | BNIP3                                                                                                                  |
| Other Names              | BNIP3, NIP3                                                                                                            |
| Target/Specificity       | BNIP-3 antibody detects endogenous levels of BNIP-3.                                                                   |
| Reconstitution & Storage | Immunoaffinity purified                                                                                                |
| Precautions              | Anti-NIP3 / BNIP3 Antibody (aa47-96) is for research use only and not for use in diagnostic or therapeutic procedures. |

## Protein Information

---

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

| Name              | BNIP3 ( <a href="#">HGNC:1084</a> )                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Synonyms          | NIP3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Function          | Apoptosis-inducing protein that can overcome BCL2 suppression. May play a role in repartitioning calcium between the two major intracellular calcium stores in association with BCL2. Involved in mitochondrial quality control via its interaction with SPATA18/MIEAP: in response to mitochondrial damage, participates in mitochondrial protein catabolic process (also named MALM) leading to the degradation of damaged proteins inside mitochondria. The physical interaction of SPATA18/MIEAP, BNIP3 and BNIP3L/NIX at the mitochondrial outer membrane regulates the opening of a pore in the mitochondrial double membrane in order to mediate the translocation of lysosomal proteins from the cytoplasm to the mitochondrial matrix. Plays an important role in the calprotectin (S100A8/A9)-induced cell death pathway. |
| Cellular Location | Mitochondrion. Mitochondrion outer membrane; Single-pass membrane                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

protein. Note=Coexpression with the EIB 19-kDa protein results in a shift in NIP3 localization pattern to the nuclear envelope. Colocalizes with ACAA2 in the mitochondria. Colocalizes with SPATA18 at the mitochondrion outer membrane
