

# Anti-PHF2 Antibody

Catalog # AN2042

## Product Information

---

|                   |                        |
|-------------------|------------------------|
| Application       | WB                     |
| Primary Accession | <a href="#">O75151</a> |
| Host              | Rabbit                 |
| Clonality         | Rabbit Polyclonal      |
| Isotype           | IgG                    |
| Calculated MW     | 120775                 |

## Additional Information

---

|             |                                                                                                                                          |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID     | 5253                                                                                                                                     |
| Other Names | GRC5, CENP-35, JHDM1E, PHD finger protein 2, Jumonji C domain containing histone demethylase 1E                                          |
| Dilution    | WB~~1:1000                                                                                                                               |
| Storage     | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles. |
| Precautions | Anti-PHF2 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                     |
| Shipping    | Blue Ice                                                                                                                                 |

## Background

---

PHF-2 is widely expressed and is implicated in hereditary sensory neuropathy type 1 HSN1.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
