DRAM Antibody (C-term)-2

Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP1825b

Product Information

Application	WB, IHC-P, E
Primary Accession	Q8N682
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Clone Names	RB12871
Calculated MW	26253
Antigen Region	206-238

Additional Information

Gene ID	55332
Other Names	DNA damage-regulated autophagy modulator protein 1, Damage-regulated autophagy modulator, DRAM1, DRAM
Target/Specificity	This DRAM antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 206-238 amino acids from the C-terminal region of human DRAM.
Dilution	WB~~1:1000 IHC-P~~1:100~500 E~~Use at an assay dependent concentration.
Format	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is prepared by Saturated Ammonium Sulfate (SAS) precipitation followed by dialysis against PBS.
Storage	Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.
Precautions	DRAM Antibody (C-term)-2 is for research use only and not for use in diagnostic or therapeutic procedures.

Protein Information

Name	DRAM1
Synonyms	DRAM
Function	Lysosomal modulator of autophagy that plays a central role in p53/TP53-mediated apoptosis. Not involved in p73/TP73-mediated

autophagy.

Cellular Location Lysosome membrane; Multi-pass membrane protein

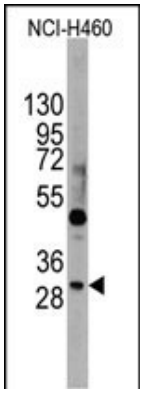

Background

DRAM is regulated as part of the p53 tumor suppressor pathway. It is a lysosomal membrane protein that is required for the induction of autophagy by the pathway. Decreased transcriptional expression of the gene encoding DRAM is associated with various tumors.

Images

Western blot analysis of anti-DRAM (C-term)-2 Pab (RB12871) in NCI-H460 cell line lysates (35ug/lane). DRAM (arrow) was detected using the purified Pab.

Formalin-fixed and paraffin-embedded human hepatocarcinoma tissue reacted with DRAM (C-term)-2, which was peroxidase-conjugated to the secondary antibody, followed by DAB staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated.
