

# NOC3L Antibody

Purified Rabbit Polyclonal Antibody (Pab)

Catalog # AP51392

## Product Information

---

|                   |                        |
|-------------------|------------------------|
| Application       | WB                     |
| Primary Accession | <a href="#">Q8WTT2</a> |
| Reactivity        | Human, Mouse, Rat      |
| Host              | Rabbit                 |
| Clonality         | Polyclonal             |
| Calculated MW     | 92548                  |

## Additional Information

---

|                    |                                                                                                                                                                                                           |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID            | 64318                                                                                                                                                                                                     |
| Other Names        | Nucleolar complex protein 3 homolog, NOC3 protein homolog, Factor for adipocyte differentiation 24, NOC3-like protein, Nucleolar complex-associated protein 3-like protein, NOC3L, AD24, C10orf117, FAD24 |
| Target/Specificity | KLH-conjugated synthetic peptide encompassing a sequence within the center region of human NOC3L. The exact sequence is proprietary.                                                                      |
| Dilution           | WB~1:1000                                                                                                                                                                                                 |
| Format             | 0.01M PBS, pH 7.2, 0.09% (W/V) Sodium azide, Glycerol 50%                                                                                                                                                 |
| Storage            | Store at -20 °C. Stable for 12 months from date of receipt                                                                                                                                                |

## Protein Information

---

|                   |                                                                                                               |
|-------------------|---------------------------------------------------------------------------------------------------------------|
| Name              | NOC3L                                                                                                         |
| Synonyms          | AD24, C10orf117, FAD24                                                                                        |
| Function          | May be required for adipogenesis.                                                                             |
| Cellular Location | Nucleus, nucleolus. Nucleus speckle.                                                                          |
| Tissue Location   | Expressed in colon, heart, kidney, liver, lung, placenta, skeletal muscle, small intestine, spleen and thymus |

## Background

---

May be required for adipogenesis (By similarity).
