

Anti-Trx-tag Antibody

Mouse Monoclonal Antibody

Catalog # AP53464

Product Information

Application	WB
Host	Mouse
Clonality	Monoclonal
Isotype	IgG1
Immunogen	Purified recombinant Trx-tag fusion protein expressed in E.coli.
Purification	Affinity purified

Additional Information

Dilution	WB~~1:1000
Format	Purified mouse monoclonal antibody in PBS(pH 7.4) containing with 0.09% (W/V) sodium azide and 50% glycerol.
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.

Images

Western blot detection of Trx-tag in various bacterial lysates, which containing Trx-tagged proteins (Lane A and Lane B) using Trx-tag mouse mAb (1:1000 diluted).
