

# 14-3-3 Rabbit pAb

Catalog # AP53525

## Product Information

---

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Application       | WB                                                               |
| Primary Accession | <a href="#">P31946/P62258/Q04917/P61981/P31947/P27348/P63104</a> |
| Reactivity        | Rat, Human, Mouse                                                |
| Host              | Rabbit                                                           |
| Clonality         | Polyclonal Antibody                                              |
| Isotype           | IgG                                                              |
| Conjugate         | Unconjugated                                                     |
| Purification      | Affinity Purified                                                |
| Calculated MW     | 27 KDa                                                           |

## Additional Information

---

|             |                                                                                          |
|-------------|------------------------------------------------------------------------------------------|
| Other Names | YWHAB/YWHAE/YWHAH                                                                        |
| Dilution    | WB~~1:500-1:1000                                                                         |
| Format      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide, pH 7.3.          |
| Storage     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |

## Protein Information

---

### Background

---

Adapter protein implicated in the regulation of a large spectrum of both general and specialized signaling pathways. Binds to a large number of partners, usually by recognition of a phosphoserine or phosphothreonine motif. Binding generally results in the modulation of the activity of the binding partner. Negative regulator of osteogenesis.

### Images

---

Western blot analysis of 14-3-3 (pan) in rat Hippocampus, rat Cerebral Cortex and rat Brain lysates using 14-3-3 (pan) antibody.

Western blot analysis of 14-3-3 in C6, 3T3 and Hela lysates using 14-3-3 (pan) antibody.
