Bora Rabbit pAb

Catalog # AP53549

Product Information

Primary Accession	Q6PGQ7
Host	Rabbit
Clonality	Polyclonal Antibody
Calculated MW	61203

Additional Information

Gene ID	79866
Other Names	Protein aurora borealis, HsBora, BORA, C13orf34
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.

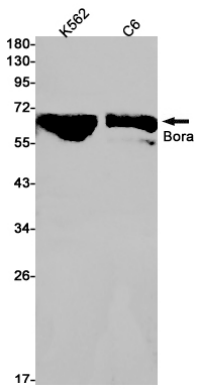

Protein Information

Name	BORA
Synonyms	C13orf34
Function	Required for the activation of AURKA at the onset of mitosis.

Background

Swiss-Prot Acc.Q6PGQ7.Required for the activation of AURKA at the onset of mitosis.

Images

Western blot detection of Bora in K562,C6 cell lysates using Bora Rabbit pAb(1:1000 diluted).Predicted band size:61kDa.Observed band size:61kDa.
