

# ZBTB43 Polyclonal Antibody

Purified Rabbit Polyclonal Antibody (Pab)

Catalog # AP55210

## Product Information

---

|                          |                              |
|--------------------------|------------------------------|
| <b>Application</b>       | WB, IHC-P, IHC-F, IF, ICC, E |
| <b>Primary Accession</b> | <a href="#">O43298</a>       |
| <b>Reactivity</b>        | Rat, Dog, Bovine             |
| <b>Host</b>              | Rabbit                       |
| <b>Clonality</b>         | Polyclonal                   |
| <b>Calculated MW</b>     | 52630                        |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 23099                                                                                                                                                                                           |
| <b>Other Names</b> | Zinc finger and BTB domain-containing protein 43, Zinc finger and BTB domain-containing protein 22B, Zinc finger protein 297B, ZnF-x, ZBTB43, KIAA0414, ZBTB22B, ZNF297B                        |
| <b>Dilution</b>    | WB=1:500-2000,IHC-P=1:100-500,IHC-F=1:100-500,ICC=1:100-500,IF=1:100-500,ELISA=1:5000-10000                                                                                                     |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                          |                                                |
|--------------------------|------------------------------------------------|
| <b>Name</b>              | ZBTB43                                         |
| <b>Synonyms</b>          | KIAA0414, ZBTB22B, ZNF297B                     |
| <b>Function</b>          | May be involved in transcriptional regulation. |
| <b>Cellular Location</b> | Nucleus.                                       |
