

# RNF192 Polyclonal Antibody

Purified Rabbit Polyclonal Antibody (Pab)

Catalog # AP57048

## Product Information

---

|                   |                          |
|-------------------|--------------------------|
| Application       | IHC-P, IHC-F, IF, ICC, E |
| Primary Accession | <a href="#">Q1L5Z9</a>   |
| Reactivity        | Human, Mouse             |
| Host              | Rabbit                   |
| Clonality         | Polyclonal               |
| Calculated MW     | 83654                    |

## Additional Information

---

|             |                                                                                                                                                                                                 |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID     | 164832                                                                                                                                                                                          |
| Other Names | LON peptidase N-terminal domain and RING finger protein 2, Neuroblastoma apoptosis-related protease, RING finger protein 192, LONRF2, RNF192                                                    |
| Dilution    | IHC-P=1:100-500,IHC-F=1:100-500,ICC=1:100-500,IF=1:100-500,ELISA=1:5000-10000                                                                                                                   |
| Storage     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|          |        |
|----------|--------|
| Name     | LONRF2 |
| Synonyms | RNF192 |
