

# MFAP3 Rabbit pAb

MFAP3 Rabbit pAb  
Catalog # AP57266

## Product Information

---

|                             |                                                                                                                           |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>          | WB                                                                                                                        |
| <b>Primary Accession</b>    | <a href="#">P55082</a>                                                                                                    |
| <b>Reactivity</b>           | Human                                                                                                                     |
| <b>Predicted</b>            | Rat, Mouse, Rabbit                                                                                                        |
| <b>Host</b>                 | Rabbit                                                                                                                    |
| <b>Clonality</b>            | Polyclonal                                                                                                                |
| <b>Calculated MW</b>        | 40165                                                                                                                     |
| <b>Physical State</b>       | Liquid                                                                                                                    |
| <b>Immunogen</b>            | KLH conjugated synthetic peptide derived from human MFAP3                                                                 |
| <b>Epitope Specificity</b>  | 51-150/362                                                                                                                |
| <b>Isotype</b>              | IgG                                                                                                                       |
| <b>Purity</b>               | affinity purified by Protein A                                                                                            |
| <b>Buffer</b>               | 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                         |
| <b>SUBCELLULAR LOCATION</b> | Cell membrane.                                                                                                            |
| <b>Important Note</b>       | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications. |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 4238                                                                                                                                                                                            |
| <b>Other Names</b> | Microfibril-associated glycoprotein 3, MFAP3                                                                                                                                                    |
| <b>Dilution</b>    | WB=1:500-2000                                                                                                                                                                                   |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                          |                                                    |
|--------------------------|----------------------------------------------------|
| <b>Name</b>              | MFAP3                                              |
| <b>Function</b>          | Component of the elastin-associated microfibrils.  |
| <b>Cellular Location</b> | Cell membrane; Single-pass type I membrane protein |

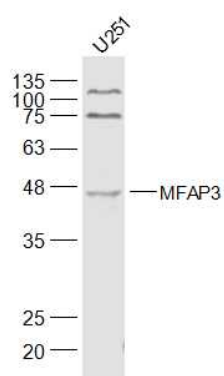

## Background

---

This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.

## Images

---

Sample:  
U251(Human) Cell Lysate at 30 ug  
Primary: Anti-MFAP3 (AP57266) at 1/500 dilution  
Secondary: IRDye800CW Goat Anti-Rabbit IgG at 1/20000 dilution  
Predicted band size: 40 kD  
Observed band size: 45 kD

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
