

# SAPCD1 Rabbit pAb

SAPCD1 Rabbit pAb

Catalog # AP57499

## Product Information

---

|                            |                                                                                                                           |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>         | WB                                                                                                                        |
| <b>Primary Accession</b>   | <a href="#">Q5SSQ6</a>                                                                                                    |
| <b>Reactivity</b>          | Human                                                                                                                     |
| <b>Predicted</b>           | Mouse, Horse                                                                                                              |
| <b>Host</b>                | Rabbit                                                                                                                    |
| <b>Clonality</b>           | Polyclonal                                                                                                                |
| <b>Calculated MW</b>       | 16650                                                                                                                     |
| <b>Physical State</b>      | Liquid                                                                                                                    |
| <b>Immunogen</b>           | KLH conjugated synthetic peptide derived from human SAPCD1                                                                |
| <b>Epitope Specificity</b> | 1-80/148                                                                                                                  |
| <b>Isotype</b>             | IgG                                                                                                                       |
| <b>Purity</b>              | affinity purified by Protein A                                                                                            |
| <b>Buffer</b>              | 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                         |
| <b>Important Note</b>      | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications. |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 401251                                                                                                                                                                                          |
| <b>Other Names</b> | Suppressor APC domain-containing protein 1, Protein G7d, SAPCD1, C6orf26, G7D, NG23                                                                                                             |
| <b>Dilution</b>    | WB=1:500-2000                                                                                                                                                                                   |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                 |                    |
|-----------------|--------------------|
| <b>Name</b>     | SAPCD1             |
| <b>Synonyms</b> | C6orf26, G7D, NG23 |

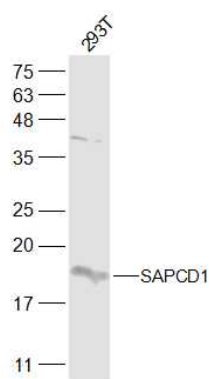

## Background

---

This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.

## Images

---

Sample:  
293T(Human) Cell Lysate at 30 ug  
Primary: Anti-SAPCD1 (AP57499) at 1/500 dilution  
Secondary: IRDye800CW Goat Anti-Rabbit IgG at 1/20000 dilution  
Predicted band size: 17 kD  
Observed band size: 18 kD

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
