

# ZNF571 Rabbit pAb

ZNF571 Rabbit pAb

Catalog # AP57560

## Product Information

---

|                             |                                                                                                                           |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>          | WB                                                                                                                        |
| <b>Primary Accession</b>    | <a href="#">Q7Z3V5</a>                                                                                                    |
| <b>Reactivity</b>           | Human                                                                                                                     |
| <b>Host</b>                 | Rabbit                                                                                                                    |
| <b>Clonality</b>            | Polyclonal                                                                                                                |
| <b>Calculated MW</b>        | 70792                                                                                                                     |
| <b>Physical State</b>       | Liquid                                                                                                                    |
| <b>Immunogen</b>            | KLH conjugated synthetic peptide derived from human ZNF571                                                                |
| <b>Epitope Specificity</b>  | 181-280/609                                                                                                               |
| <b>Isotype</b>              | IgG                                                                                                                       |
| <b>Purity</b>               | affinity purified by Protein A                                                                                            |
| <b>Buffer</b>               | 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                         |
| <b>SUBCELLULAR LOCATION</b> | Nucleus.                                                                                                                  |
| <b>Important Note</b>       | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications. |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 51276                                                                                                                                                                                           |
| <b>Other Names</b> | Zinc finger protein 571, ZNF571                                                                                                                                                                 |
| <b>Dilution</b>    | WB=1:500-2000                                                                                                                                                                                   |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                          |                                                |
|--------------------------|------------------------------------------------|
| <b>Name</b>              | ZNF571                                         |
| <b>Function</b>          | May be involved in transcriptional regulation. |
| <b>Cellular Location</b> | Nucleus.                                       |

## Background

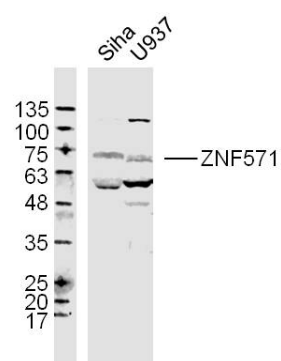

---

This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic

applications.

## Images

---

### Sample:

SiHa Cell (Human) Lysate at 30 ug

U937 Cell(Human)Lysate at 30 ug

Primary: Anti- ZNF571 (AP57560)at 1/300 dilution

Secondary: IRDye800CW Goat Anti-Rabbit IgG at 1/20000 dilution

Predicted band size: 74 kD

Observed band size: 74 kD

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
