

# ZNF85 Rabbit pAb

ZNF85 Rabbit pAb  
Catalog # AP58170

## Product Information

---

|                                |                                                                                                                                                                                                                |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>             | WB, IHC-P, IHC-F, IF                                                                                                                                                                                           |
| <b>Primary Accession</b>       | <a href="#">Q03923</a>                                                                                                                                                                                         |
| <b>Predicted</b>               | Human                                                                                                                                                                                                          |
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                         |
| <b>Clonality</b>               | Polyclonal                                                                                                                                                                                                     |
| <b>Calculated MW</b>           | 68736                                                                                                                                                                                                          |
| <b>Physical State</b>          | Liquid                                                                                                                                                                                                         |
| <b>Immunogen</b>               | KLH conjugated synthetic peptide derived from human ZNF85                                                                                                                                                      |
| <b>Epitope Specificity</b>     | 1-100/595                                                                                                                                                                                                      |
| <b>Isotype</b>                 | IgG                                                                                                                                                                                                            |
| <b>Purity</b>                  | affinity purified by Protein A                                                                                                                                                                                 |
| <b>Buffer</b>                  | Preservative: 0.02% Proclin300, Constituents: 1% BSA, 0.01M PBS, pH7.4.                                                                                                                                        |
| <b>SUBCELLULAR LOCATION</b>    | Nucleus.                                                                                                                                                                                                       |
| <b>Important Note</b>          | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.                                                                                      |
| <b>Background Descriptions</b> | ZNF85 (Zinc Finger Protein 85) is a Protein Coding gene. GO annotations related to this gene include nucleic acid binding and transcription corepressor activity. An important paralog of this gene is ZNF724. |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 7639                                                                                                                                                                                            |
| <b>Other Names</b> | Zinc finger protein 85, Zinc finger protein HPF4, Zinc finger protein HTF1, ZNF85                                                                                                               |
| <b>Dilution</b>    | WB=1:500-2000,IHC-P=1:100-500,IHC-F=1:100-500,ICC/IF=1:100-500,IF=1:100-500                                                                                                                     |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                 |                                     |
|-----------------|-------------------------------------|
| <b>Name</b>     | ZNF85                               |
| <b>Function</b> | May be a transcriptional repressor. |

|                          |                                        |
|--------------------------|----------------------------------------|
| <b>Cellular Location</b> | Nucleus.                               |
| <b>Tissue Location</b>   | Widely expressed, including in testis. |

## **Background**

---

This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
