

# ZNF292 Polyclonal Antibody

Purified Rabbit Polyclonal Antibody (Pab)

Catalog # AP58172

## Product Information

---

|                   |                          |
|-------------------|--------------------------|
| Application       | IHC-P, IHC-F, IF, ICC, E |
| Primary Accession | <a href="#">Q6P495</a>   |
| Reactivity        | Rat, Dog, Bovine         |
| Host              | Rabbit                   |
| Clonality         | Polyclonal               |

## Additional Information

---

|          |                                                                                                                                                                                                 |
|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dilution | IHC-P=1:100-500,IHC-F=1:100-500,ICC=1:100-500,IF=1:100-500,ELISA=1:5000-10000                                                                                                                   |
| Storage  | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |
