

# Anti-Beta-tubulin Antibody

Catalog # AP59468

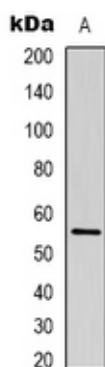

## Product Information

|                    |            |
|--------------------|------------|
| <b>Application</b> | WB         |
| <b>Reactivity</b>  | Zebrafish  |
| <b>Host</b>        | Mouse      |
| <b>Clonality</b>   | Monoclonal |

## Additional Information

|                           |                                                                                                                        |
|---------------------------|------------------------------------------------------------------------------------------------------------------------|
| <b>Other Names</b>        | TUBB4; Tubulin beta-3 chain; Tubulin beta-4 chain; Tubulin beta-III                                                    |
| <b>Target/Specificity</b> | KLH-conjugated synthetic peptide encompassing a sequence of zebrafish Beta-tubulin. The exact sequence is proprietary. |
| <b>Dilution</b>           | WB~~1/2000 - 1/5000                                                                                                    |
| <b>Format</b>             | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.              |
| <b>Storage</b>            | Store at -20 °C.Stable for 12 months from date of receipt                                                              |

## Images

Western blot analysis of Beta-tubulin expression in zebrafish skeletal muscle (A) whole cell lysates. (Predicted band size: 50 kD; Observed band size: 52 kD)
