

Anti-PPP4R1L Antibody

Catalog # AP59850

Product Information

Application	WB
Primary Accession	Q9P1A2
Reactivity	Human, Mouse, Rat
Host	Rabbit
Clonality	Polyclonal
Calculated MW	45908

Additional Information

Other Names	C20orf192; Putative serine/threonine-protein phosphatase 4 regulatory subunit 1-like
Target/Specificity	KLH-conjugated synthetic peptide encompassing a sequence within the center region of human PPP4R1L. The exact sequence is proprietary.
Dilution	WB~~WB (1/500 - 1/1000), IP (1/10 - 1/100)
Format	Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.
Storage	Store at -20 °C.Stable for 12 months from date of receipt

Protein Information

Name	PPP4R1L
Synonyms	C20orf192
Function	May be a regulatory subunit of serine/threonine-protein phosphatase 4.

Images

Western blot analysis of PPP4R1L expression in PC12 (A), AML12 (B), LO2 (C), COS7 (D), A549 (E) whole cell lysates. (Predicted band size: 45 kD; Observed band size: 60 kD)
