

# Anti-CMTM3 Antibody

Catalog # AP60556

## Product Information

---

|                   |                        |
|-------------------|------------------------|
| Application       | WB                     |
| Primary Accession | <a href="#">Q96MX0</a> |
| Reactivity        | Human, Mouse, Rat      |
| Host              | Rabbit                 |
| Clonality         | Polyclonal             |
| Calculated MW     | 19714                  |

## Additional Information

---

|                    |                                                                                                                                      |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID            | 123920                                                                                                                               |
| Other Names        | CKLFSF3; CKLF-like MARVEL transmembrane domain-containing protein 3; Chemokine-like factor superfamily member 3                      |
| Target/Specificity | KLH-conjugated synthetic peptide encompassing a sequence within the N-term region of human CMTM3. The exact sequence is proprietary. |
| Dilution           | WB~~WB (1/500 - 1/1000)                                                                                                              |
| Format             | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                            |
| Storage            | Store at -20 °C. Stable for 12 months from date of receipt                                                                           |

## Protein Information

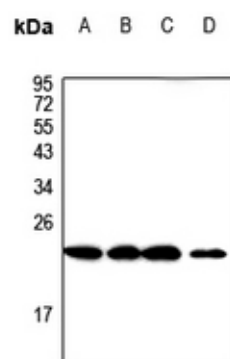

---

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Name              | CMTM3                                             |
| Synonyms          | CKLFSF3                                           |
| Cellular Location | Membrane; Multi-pass membrane protein.            |
| Tissue Location   | Expressed in the leukocytes, placenta and testis. |

## Images

---

Western blot analysis of CMTM3 expression in rat testis (A), CT26 (B), A549 (C), COS7 (D) whole cell lysates.  
(Predicted band size: 19 kD; Observed band size: 20 kD)
