

Polyclonal Antibody to Alpha-2-Heremans Schmid Glycoprotein (AHSG)

Alpha-2-Heremans Schmid Glycoprotein
Catalog # AP74493

Product Information

Application	WB
Primary Accession	O70159
Reactivity	Guinea Pig
Host	Rabbit
Clonality	Polyclonal
Calculated MW	38472

Additional Information

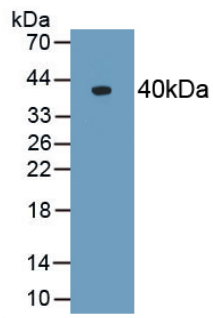

Gene ID	100135479
Other Names	aHSG; HSGa; A2HS; AHS; FETUA; HSG-A2; Fetuin-A; Alpha 2-HS Glycoprotein; Fetuin A; Alpha-2-Z-Globulin; Ba-alpha-2-Glycoprotein
Target/Specificity	Cavia (Guinea pig)
Dilution	WB~~Western blotting: 0.5-2 μ g/mL;1:380-1500 Immunohistochemistry: 5-20 μ g/mL;1:38-150 Immunocytochemistry: 5-20 μ g/mL;1:38-150 Optimal working dilutions must be determined by end user.
Format	0.01M PBS, pH7.4, containing 0.05% Proclin-300, 50% glycerol.
Storage	Store at -20 °C.Stable for 12 months from date of receipt

Protein Information

Name	AHSG
Synonyms	FETUA
Cellular Location	Secreted.
Tissue Location	Bone marrow.
