

Caspase 6 Rabbit mAb

Catalog # AP74813

Product Information

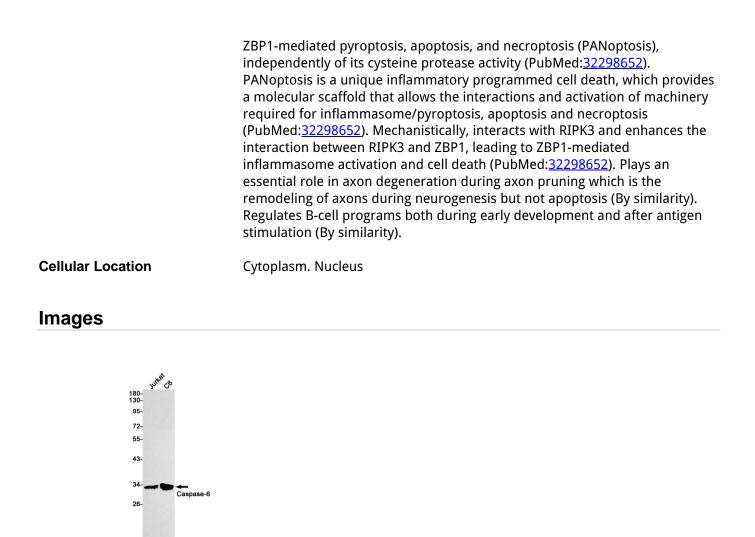

Application	WB
Primary Accession	<u>P55212</u>
Reactivity	Human, Rat
Host	Rabbit
Clonality	Monoclonal Antibody
Calculated MW	33310

Additional Information

Gene ID	839
Other Names	CASP6
Dilution	WB~~1/500-1/1000
Format	50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% sodium azide and 0.05% BSA.

Protein Information

Name	CASP6 (<u>HGNC:1507</u>)
Function	Cysteine protease that plays essential roles in programmed cell death, axonal degeneration, development and innate immunity (PubMed: <u>19133298</u> , PubMed: <u>22858542</u> , PubMed: <u>27032039</u> , PubMed: <u>28864531</u> , PubMed: <u>30420425</u> , PubMed: <u>32298652</u> , PubMed: <u>8663580</u>). Acts as a non- canonical executioner caspase during apoptosis: localizes in the nucleus and cleaves the nuclear structural protein NUMA1 and lamin A/LMNA thereby inducing nuclear shrinkage and fragmentation (PubMed: <u>11953316</u> , PubMed: <u>17401638</u> , PubMed: <u>8663580</u> , PubMed: <u>9463409</u>). Lamin-A/LMNA cleavage is required for chromatin condensation and nuclear disassembly during apoptotic execution (PubMed: <u>11953316</u>). Acts as a regulator of liver damage by promoting hepatocyte apoptosis: in absence of phosphorylation by AMP-activated protein kinase (AMPK), catalyzes cleavage of BID, leading to cytochrome c release, thereby participating in nonalcoholic steatohepatitis (PubMed: <u>32029622</u>). Cleaves PARK7/DJ-1 in cells undergoing apoptosis (By similarity). Involved in intrinsic apoptosis by mediating cleavage of RIPK1 (PubMed: <u>22858542</u>). Furthermore, cleaves many transcription factors such as NF-kappa-B and cAMP response element-binding protein/CREBBP (PubMed: <u>10559921</u> , PubMed: <u>14657026</u>). Cleaves phospholipid scramblase proteins XKR4 and XKR9 (By similarity). In addition to apoptosis, involved in different forms of programmed cell death (PubMed: <u>32298652</u>). Plays an essential role in defense against viruses by acting as a central mediator of the
