

ATP1B1 Antibody

Rabbit mAb Catalog # AP92325

Product Information

Application WB, IHC **Primary Accession** P05026

Reactivity Rat, Human, Mouse

Clonality Monoclonal

Other Names Adenosinetriphosphatase; ATP1B; ATP1B1; Atpb 1; ATPBS;

IsotypeRabbit IgGHostRabbitCalculated MW35061

Additional Information

Dilution WB 1:500~1:2000 IHC 1:50~1:200

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human ATP1B1

Description This is the non-catalytic component of the active enzyme, which catalyzes the

hydrolysis of ATP coupled with the exchange of Na(+) and K(+) ions across the plasma membrane. The beta subunit regulates, through assembly of alpha/beta heterodimers, the number of sodium pumps transported to the

plasma membrane.

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium

azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term.

Avoid freeze / thaw cycle.

Protein Information

Name ATP1B1

Synonyms ATP1B

Function This is the non-catalytic component of the active enzyme, which catalyzes

the hydrolysis of ATP coupled with the exchange of Na(+) and K(+) ions across the plasma membrane. The beta subunit regulates, through assembly of alpha/beta heterodimers, the number of sodium pumps transported to the plasma membrane (PubMed: 19694409). Plays a role in innate immunity by enhancing virus-triggered induction of interferons (IFNs) and interferon stimulated genes (ISGs). Mechanistically, enhances the ubiquitination of TRAF3 and TRAF6 as well as the phosphorylation of TAK1 and TBK1

(PubMed:34011520).

Cellular Location Cell membrane; Single-pass type II membrane protein. Apical cell membrane

{ECO:0000250|UniProtKB:P07340}; Single-pass type II membrane protein.

Cell membrane, sarcolemma {ECO:0000250 | UniProtKB:P14094}. Note=Colocalizes with OBSCN at the intercalated disk and sarcolemma in cardiomyocytes. Localizes in long striations at the level of Z and M lines {ECO:0000250 | UniProtKB:P14094}

Tissue Location

Found in most tissues.

Images

Western blot analysis of ATP1B1 expression in Mouse brain lysate.
