

CRERF Rabbit Polyclonal Antibody

CRERF Rabbit Polyclonal Antibody

Catalog # AP93382

Product Information

Application	WB
Primary Accession	Q8IUR6
Reactivity	Human, Mouse
Host	Polyclonal, Rabbit, IgG
Clonality	Polyclonal
Calculated MW	72149

Additional Information

Gene ID	153222
Other Names	CREB3 regulatory factor, Luman recruitment factor, LRF, CREBRF, C5orf41
Dilution	WB~~1:1000
Storage Conditions	-20°C

Protein Information

Name	CREBRF
Synonyms	C5orf41
Function	Acts as a negative regulator of the endoplasmic reticulum stress response or unfolded protein response (UPR). Represses the transcriptional activity of CREB3 during the UPR. Recruits CREB3 into nuclear foci.
Cellular Location	Nucleus. Note=Colocalizes with CREB3 in nuclear foci

Images

Western blot analysis of lysates from MCF-7 cells, primary antibody was diluted at 1:1000, 4°over night
