

# NIPSNAP3B Rabbit pAb

NIPSNAP3B Rabbit pAb

Catalog # AP94134

## Product Information

---

|                                |                                                                                                                                                               |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>             | WB                                                                                                                                                            |
| <b>Primary Accession</b>       | <a href="#">Q9CQE1</a>                                                                                                                                        |
| <b>Reactivity</b>              | Mouse                                                                                                                                                         |
| <b>Host</b>                    | Rabbit                                                                                                                                                        |
| <b>Clonality</b>               | Polyclonal                                                                                                                                                    |
| <b>Calculated MW</b>           | 28308                                                                                                                                                         |
| <b>Physical State</b>          | Liquid                                                                                                                                                        |
| <b>Immunogen</b>               | KLH conjugated synthetic peptide derived from mouse NIPSNAP3B                                                                                                 |
| <b>Epitope Specificity</b>     | 1-100/247                                                                                                                                                     |
| <b>Isotype</b>                 | IgG                                                                                                                                                           |
| <b>Purity</b>                  | affinity purified by Protein A                                                                                                                                |
| <b>Buffer</b>                  | 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                             |
| <b>Important Note</b>          | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.                                     |
| <b>Background Descriptions</b> | NIPSNAP3B belongs to a family of proteins with putative roles in vesicular trafficking (Buechler et al., 2004 [PubMed 15177564]).[supplied by OMIM, Mar 2008] |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 66536                                                                                                                                                                                           |
| <b>Other Names</b> | Protein NipSnap homolog 3B, NipSnap3B, NipSnap-related protein, Protein NipSnap homolog 3A, NipSnap3A, Nipsnap3b, Nipsnap3a                                                                     |
| <b>Dilution</b>    | WB=1:500-2000                                                                                                                                                                                   |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                          |                                                                                                    |
|--------------------------|----------------------------------------------------------------------------------------------------|
| <b>Name</b>              | Nipsnap3b                                                                                          |
| <b>Synonyms</b>          | Nipsnap3a                                                                                          |
| <b>Cellular Location</b> | Cytoplasm, cytosol. Note=May be part of some vesicular structure distinct from lysosomal vesicles. |

## Background

---

This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.

## Images

---

Sample:

Small intestine (Mouse) Lysate at 40 ug

Primary: Anti- NIPSNAP3B (AP94134) at 1/1000 dilution

Secondary: IRDye800CW Goat Anti-Rabbit IgG at 1/20000 dilution

Predicted band size: 28 kD

Observed band size: 25 kD

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
