

# Anti-CD19 Antibody

Catalog # AP95577

## Product Information

---

|                    |                         |
|--------------------|-------------------------|
| <b>Application</b> | FC, IF/IC               |
| <b>Reactivity</b>  | Mouse                   |
| <b>Host</b>        | Rat                     |
| <b>Clonality</b>   | Monoclonal (clone: 1D3) |

## Additional Information

---

|                           |                                                                                                                               |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Other Names</b>        | B-lymphocyte antigen CD19; B-lymphocyte surface antigen B4; Differentiation antigen CD19; T-cell surface antigen Leu-12; CD19 |
| <b>Target/Specificity</b> | Mouse CD19-expressing K562 human erythroleukemia cells                                                                        |
| <b>Dilution</b>           | FC~~1:10~50 IF/IC~~N/A                                                                                                        |
| <b>Format</b>             | Rat IgG2a kappa. Liquid in PBS, pH 7.3, and 0.02% sodium azide.                                                               |
| <b>Storage</b>            | Store at -20 °C.Stable for 12 months from date of receipt                                                                     |
