

# GLTP Rabbit pAb

Catalog # AP96639

## Product Information

---

|                                |                                                                                                                                                                                                                                                        |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Application</b>             | WB                                                                                                                                                                                                                                                     |
| <b>Reactivity</b>              | Human                                                                                                                                                                                                                                                  |
| <b>Predicted</b>               | Rat, Mouse                                                                                                                                                                                                                                             |
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                                                                 |
| <b>Clonality</b>               | Polyclonal                                                                                                                                                                                                                                             |
| <b>Calculated MW</b>           | 24 KDa                                                                                                                                                                                                                                                 |
| <b>Physical State</b>          | Liquid                                                                                                                                                                                                                                                 |
| <b>Immunogen</b>               | Recombinant human GLTP protein                                                                                                                                                                                                                         |
| <b>Isotype</b>                 | IgG                                                                                                                                                                                                                                                    |
| <b>Purity</b>                  | affinity purified by Protein A                                                                                                                                                                                                                         |
| <b>Buffer</b>                  | 0.01M TBS(pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                                                       |
| <b>SIMILARITY</b>              | Belongs to the GLTP family.                                                                                                                                                                                                                            |
| <b>Important Note</b>          | This product as supplied is intended for research use only, not for use in human, therapeutic or diagnostic applications.                                                                                                                              |
| <b>Background Descriptions</b> | The protein encoded by this gene is similar to bovine and porcine proteins which accelerate transfer of certain glycosphingolipids and glyceroglycolipids between membranes. It is thought to be a cytoplasmic protein. [provided by RefSeq, Jul 2008] |

## Additional Information

| <b>Other Names</b> | GLTP_HUMAN; GLTP; glycolipid transfer protein                                                                                                                                                                                                                       |
| <b>Dilution</b>    | WB=1:500-2000                                                                                                                                                                                                                                                       |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C.                                                                     |
| <b>Name</b>        | GLTP Rabbit pAb                                                                                                                                                                                                                                                     |
| <b>Function</b>    | Accelerates the intermembrane transfer of various glycolipids. Catalyzes the transfer of various glycosphingolipids between membranes but does not catalyze the transfer of phospholipids. May be involved in the intracellular translocation of glucosylceramides. |
