

# Anti-OSM / Oncostatin M Reference Antibody (GSK-2330811)

Catalog # APR11703

## Product Information

|                    |                                                                |
|--------------------|----------------------------------------------------------------|
| <b>Application</b> | Functional assay, Kinetics (SPR), Kinetics (BLI), FACS, E, FTA |
| <b>Reactivity</b>  | Human                                                          |
| <b>Clonality</b>   | Monoclonal                                                     |
| <b>Isotype</b>     | IgG1                                                           |

## Additional Information

|                           |                    |
|---------------------------|--------------------|
| <b>Target/Specificity</b> | OSM / Oncostatin M |
| <b>Expression system</b>  | CHO                |

## Images

Anti-OSM / Oncostatin M Reference Antibody (GSK-2330811) on SDS-PAGE under reducing (R) condition. The purity of the protein is greater than 95%.

The purity of Anti-OSM / Oncostatin M Reference Antibody (GSK-2330811) is 97.21%, determined by SEC-HPLC.

Immobilized Human OncostatinM-NHis-TEV at 2 ug/mL can bind GSK-2330811, The EC50 is 0.009552 µg/mL.
