

Seasonal H1N1 Hemagglutinin Antibody [7H12F6]

Catalog # ASC12011

Product Information

Application	WB, E
Primary Accession	B0VX44
Other Accession	ACA28844 , 168805691
Reactivity	Virus
Host	Mouse
Clonality	Monoclonal
Isotype	IgG1
Clone Names	7H12F6
Concentration (mg/ml)	1 mg/mL
Conjugate	Unconjugated
Application Notes	Hemagglutinin antibody can be used for the detection of the Hemagglutinin protein from the H1N1 strain of Seasonal influenza A in ELISA. It will also detect 2 ng of free peptide at 1 mg/mL and does not cross-react with peptide corresponding to the swine-origin influenza A (S-OIV, H1N1) Hemagglutinin.

Additional Information

Target/Specificity	HA;
Reconstitution & Storage	Seasonal H1N1 Hemagglutinin monoclonal antibody can be stored at -20°C, stable for one year.
Precautions	Seasonal H1N1 Hemagglutinin Antibody [7H12F6] is for research use only and not for use in diagnostic or therapeutic procedures.

Protein Information

Background

Seasonal H1N1 Hemagglutinin Monoclonal Antibody: Influenza A virus has one of sixteen possible Hemagglutinin (HA) surface proteins and one of nine possible Neuraminidase (NA) surface proteins. In early 2009, a novel H1N1 swine-origin influenza (S-OIV) A virus was identified in specimens obtained from patients in Mexico and the United States. The genetic make-up of this swine flu virus is unlike any other: it is an H1N1 strain that combines a triple assortment first identified in 1998 including human, swine, and avian influenza with two new pig H3N2 virus genes from Eurasia, themselves of recent human origin. This antibody is specific for the seasonal H1N1 influenza Hemagglutinin and will not recognize the corresponding Hemagglutinin sequence from the swine-origin H1N1 influenza (A/California/14/2009 (H1N1)).

Images

Recombinant seasonal Influenza HA (lane A) or swine-origin Influenza HA (lane B) were probed (1 µg/mL) using monoclonal seasonal Influenza A HA.

Seasonal Influenza A Hemagglutinin antibody recognizes seasonal influenza A (H1N1), but not swine-origin influenza A (S-OIV, H1N1), Hemagglutinin protein in ELISA.
