

HeV/NiV Glycoprotein G Antibody [HENV-21]

Catalog # ASC12268

Product Information

Application	E, Neut
Primary Accession	O89343/Q9IH62
Host	Human
Clonality	Recombinant Monoclonal
Isotype	IgG1, kappa
Clone Names	HENV-21
Concentration (mg/ml)	batch dependent
Conjugate	Unconjugated

Additional Information

Gene ID	1446471/ 920955
Other Names	G, Glycoprotein G, Attachment glycoprotein, Receptor binding protein, RBP, Nipah Virus (NiV) / Hendra Virus (HeV)
Reconstitution & Storage	Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 °C for 1-2 weeks. Store at -80 °C for 12 months from the date of receipt.
Precautions	HeV/NiV Glycoprotein G Antibody [HENV-21] is for research use only and not for use in diagnostic or therapeutic procedures.
