

HeV/NiV F/Fusion glycoprotein F0 Antibody [12B2]

Catalog # ASC12271

Product Information

Application	E, Neut
Primary Accession	O89342/Q9IH63
Host	Mouse
Clonality	Recombinant Monoclonal
Isotype	IgG1, kappa
Clone Names	12B2
Concentration (mg/ml)	batch dependent
Conjugate	Unconjugated

Additional Information

Gene ID	1446467/920954
Other Names	F, Fusion glycoprotein F0, Protein F, Nipah Virus (NiV) / Hendra Virus (HeV)
Reconstitution & Storage	Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 °C for 1-2 weeks. Store at -80 °C for 12 months from the date of receipt.
Precautions	HeV/NiV F/Fusion glycoprotein F0 Antibody [12B2] is for research use only and not for use in diagnostic or therapeutic procedures.
