

# Bovine Serum Albumin to Cy7 labeled

Catalog # ASP3194

## Product Information

---

**Application** IF, FC, E

## Additional Information

---

|                           |                                                                                                             |
|---------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Source</b>             | Bovine                                                                                                      |
| <b>Target/Specificity</b> | 2-7 functional groups on each BSA molecule                                                                  |
| <b>Conjugate</b>          | Cy7                                                                                                         |
| <b>Format</b>             | 1 mg/ml. Liquid in 0.01M Phosphate Buffered Saline, pH 7.2, 50% glycerol, 0.02% Sodium Azide                |
| <b>Dilution</b>           | IH (1/100 - 1/1000), IF (1/100 - 1/1000), FC (1/1000 - 1/4000), E (Use at an assay dependent concentration) |
| <b>Storage</b>            | Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.            |
