

## Anti-Sheep (Peroxidase Conjugated) IgG [H&L] (Pre-Adsorbed) Secondary Antibody

Catalog # ASR1181

## **Product Information**

**Description** Peroxidase Conjugated Affinity Purified Anti-SHEEP IgG [H&L] (RABBIT) (Min X

**Human Serum Proteins)** 

**Host** Rabbit

**Conjugate** Peroxidase (Horseradish)

Physical State Lyophilized

Host Isotype IgG

**Buffer** 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Immunogen Sheep IgG whole molecule

Reconstitution Volume 500 ☐

**Reconstitution Buffer** Restore with deionized water (or equivalent)

Stabilizer 10 mg/mL Bovine Serum Albumin (BSA) - Immunoglobulin and Protease free

**Preservative** 0.01% (w/v) Gentamicin Sulfate. Do NOT add Sodium Azide!

## **Additional Information**

Shipping Condition Ambient

**Application Note** Suitable for immunoblotting (western or dot blot), ELISA, immunoperoxidase

electron microscopy and immunohistochemistry as well as other enzymatic

assays requiring lot-to-lot consistency.

**Purity** Secondary Antibody was prepared from monospecific antiserum by

immunoaffinity chromatography using Sheep IgG coupled to agarose beads followed by solid phase adsorption(s) to remove any unwanted reactivities. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-Peroxidase, anti-Rabbit Serum, Sheep IgG and Sheep Serum. No

reaction was observed against Human Serum Proteins.

**Storage Condition** Store secondary antibody 4° C prior to restoration. For extended storage

aliquot contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted

liquid. Dilute only prior to immediate use.

**Precautions Note**This product is for research use only and is not intended for therapeutic or

diagnostic applications.

## **Background**

Secondary antibody conjugated to horseradish peroxidase is available in a variety of formats. HRP Anti-IgG Secondary Antibody conjugate is suitable for western blot, ELISA and immunohistochemistry as well as other

antibody based enzymatic assays requiring lot-to-lot consistency

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
