

Anti-Horse Serum Secondary Antibody

Rabbit Polyclonal, Unconjugated

Catalog # ASR1529

Product Information

| | |
|------------------------------|---|
| Description | Anti-HORSE SERUM (RABBIT) Antibody |
| Host | Rabbit |
| Conjugate | Unconjugated |
| Target Species | Horse |
| Clonality | Polyclonal |
| Physical State | Lyophilized |
| Host Isotype | Antiserum |
| Buffer | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Immunogen | Anti-Horse serum antibody was produced by repeated immunizations with horse serum proteins. |
| Reconstitution Volume | 2.0 mL |
| Reconstitution Buffer | Restore with deionized water (or equivalent) |
| Stabilizer | None |
| Preservative | 0.01% (w/v) Sodium Azide |

Additional Information

| | |
|---------------------------|---|
| Shipping Condition | Ambient |
| Application Note | Anti-Horse serum antibody is suitable for western blotting, IP and for ELISA. Researchers should determine optimal titers for applications that are not stated below. |
| Purity | Anti-Horse serum antibody was prepared from polyspecific antiserum by a delipidation and defibrination. Assay by immunoelectrophoresis resulted in multiple precipitin arcs against Horse Serum. |
| Storage Condition | Store vial at 4° C prior to restoration. For extended storage aliquot contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only prior to immediate use. |
| Precautions Note | This product is for research use only and is not intended for therapeutic or diagnostic applications. |

Background

Anti-Horse serum antibody detects horse serum proteins. Horse serum proteins are proteins in the portion of plasma remaining after coagulation of blood, during which process the plasma protein fibrinogen is converted to fibrin and remains behind in the clot. Anti-Horse serum antibody is ideal for investigators involved in Cell biology, Neuroscience and Signal Transduction research.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
